

CUSTOMER SITE VISIT POLICY

All customer visits to hatcheries need to be pre-qualified and 'approved' by Jamesway and by the Hatchery for such visits.

Prior to scheduling any site and company expensed visit with potential customers they will need approval from the President and Vice President of Sales.

Site Visitors must:

- Obtain permission for the site visit
- Remember that the objectives of a pre-qualified hatchery include verifying that the Jamesway equipment and Hatchery meets established standards set by our Executive team previously noted.

Revised: 11/29/18
